🌿 Samen Kantershof – For a green and future-proof neighborhood!

Dear residents of Kantershof,

Good news! The BBK (Residents' Association Kantershof) has set up a new team: **Samen Kantershof**.
Why this name? Because we form our neighborhood together. Together we live here, we take care of each other and we build a sustainable future.

🏡 What does Samen Kantershof do?

We focus on the future of our homes. How do we make them more energy-efficient, more comfortable and ready for tomorrow? That logically raises many questions - and that is exactly why we are here for you.
The **BBK Energy Transition Steering Group** has done a lot of research and investigation. We are happy to share that knowledge with the entire neighborhood. In this way we make it easier for everyone to participate.
